

Keep Your Dog Healthy & Happy

Vaccinate Against Rabies

When you get a dog or cat, immediately consult a veterinarian or public health official for the recommended schedule of anti-rabies vaccination.

Animal Birth Control

Sri Lanka has too many dogs and cats. This overpopulation can contribute to rabies outbreaks. If you have a dog or cat, immediately consult a veterinarian about Animal Birth Control measures to prevent unwanted puppies and kittens.

Animal Birth Control will also keep your dogs and cats healthier and better behaved.

Be Sensitive and Kind to Dogs and Protect Yourself!

How to Avoid Dog Bites

Never disturb a dog that is eating, sleeping or caring for puppies. Dogs may bite if startled or frightened. Do not throw sticks or stones at a dog.

Do not get close to a dog which is tied or behind a fence.

Do not get close to small puppies - the mother may bite to protect her puppies.
